*Memphis, TN* - A fun event on the water that attracts thousands could use some great volunteers in its first year.

Volunteer for a unique, fun event - the Inaugural Duncan-Williams Dragon Boat Races, benefiting the Tennessee Clean Water Network. The event is Saturday, September 24, at Mud Island River Park. About 60 volunteers will help make this event a success. All volunteers get an event T-shirt and will be placed at one of many volunteer stations, including: marshaling, boat loading, volunteer check-in, information, or parking, among other areas.

The day will feature more than 35 corporate and community teams racing in dragon boats. Volunteers can cheer the teams and join the fun, and help make a difference by making the day go smoothly and advancing the Tennessee Clean Water mission. More information is online at [www.memphis.racedragonboats.com](http://www.memphis.racedragonboats.com), or contact Renee Hoyos at [renee@tcwn.org](mailto:renee@tcwn.org).
